Nurse Aide Skills Exam and Summer Break

During the summer months, primary testing locations, such as high schools, may be unavailable. To help support candidates during this time, test sites are encouraged to add regional test dates or open in-facility test dates to all candidates. These actions can help reduce scheduling delays.

Reapproval Application and Checklist

The reapproval application includes a checklist to help training programs prepare for renewal. The checklist can be found on the last three pages of the application.
