How to Renew Your Medication Aide Listing for Nursing Homes

Renewal is the Medication Aide’s Responsibility.

Qualifications for Renewal

If a Medication Aide does not perform at least 8 hours of qualified work during any 24-consecutive month period, then they must retrain and retest.

Qualified work must meet all the following criteria:

- The work is for pay (monetary compensation).
- The duties are those of a medication aide.
- The duties are supervised by a registered nurse.
- The number of hours worked is at least eight (8) during the medication aide’s 24-consecutive month registry listing period.
